Georgia, Jasper County } We the undersigned being requested by Mrs Gilmore to send her a certificate, certifying her character and conduct and also the abusive manner in which Stephen Gilmore her husband treated her while they resided in this Country for the purpose of disproving the allegations with which she has been charged by Stephen Gilmore. To comply with said request and to do her that justice to which she is justly entitled We do certify that we have been acquainted with Mr and Mrs Gilmore ever since their residence in Georgia and from the general conduct and deportment of Mrs. Gilmore we believe that she was pure and chaste, and any charges which the said Stephen Gilmore has alledged against her of a disrespectful nature we believe are false, ungrounded, and without the least evidence of suspicion and that she is entitled to the attention and civility of all good people And we do further say that towards the latter part of the year 1821 Stephen Gilmore did without the least provocation wantonly abuse and treat her most inhumanly and if the friends of humanity and virtue had not relieved and protected her she would have been reduced to a dilemma the most miserable in life given under our hands this the 21st of January 1823
